Top Reasons to Choose St. Gregorios Central School in Karunagappally

Choosing the right school for your child is the most important thing a parent has to do. A good school not only educates one with books but also moulds the personality, values, and future of a child. With more people looking for quality education, the need for great schools has never been greater.

Parents today are not interested in making their kids depend solely on books and tests; they are seeking schools that develop intelligence, creativity, emotional strength, and social competence.

If you are looking for a school that will give all-around development and worthiness in studies to your ward, St. Gregorios Central School, Karunagappally, is the school you can blindly trust. This blog will walk you through the 12 best reasons why parents always choose this prestigious school.

With its values, studies, and extra-curricular strength, St. Gregorios Central School has become the ***best CBSE school in Karunagappally.***

1. **Trained and Dedicated Faculties**

The school consists of highly oriented and dedicated teachers who not only teach but also make learning fun and effective. Their dedication assures that all of their students are given individualised attention and care.

2. **Academic Firm Base and Achievement**

Every year the board results of the students of St. Gregorios Central School are excellent. The school offers a CBSE course with a regular study routine that enables students to perform well in core subjects as well as co-curricular skills.

3. **General Development**

Apart from knowledge, the school places very high importance on co-curricular and extracurricular activities like sport, art, music, and drama. With this balanced diet, good all-around personalities are shaped in the students.

4. **Supportive and Caring Environment**

St. Gregorios students feel secure, respected, and cared for. The management and staff provide a supportive and loving atmosphere that creates emotional and social growth.

5. **Infrastructure**

The school provides engaging classrooms, laboratories sufficiently equipped with all the amenities, a book-rich library, learning devices based on computers, playgrounds, and activity rooms providing the best available infrastructural facilities for studying.

6. **Principles and Values**

Established on the principles of morality, sympathy, and discipline, the school is filled with noble moral values. The moral values are brought to practice in school life, and the students are encouraged to grow not only mentally but morally as well.

7. **Focus on Language and Communication Skills**

The school supports students to use languages efficiently to improve communication skills so that students feel confident about communication in theory as well as in practice.

8. **Technology-based Learning**

Technology-based systems and smart classrooms facilitate teaching and learning, providing usable and accessible education.

9. **Active Parent-Teacher Association**

Free communication between the teachers and parents is facilitated by the school so that decision-making and transparency become possible.

10. **Cultural and Social Exposure**

Celebration, festivals, and competition enable the students to be rooted in their culture with an international outlook and social awareness.

11. **Career Counselling and Guidance**

Students are also offered career counselling on an individual basis so that they can introspect regarding opportunities and make suitable academic as well as professional choices.

12. **Track Record Proven**

Having years of experience in the education field, St. Gregorios Central School has established an age-old tradition of responsible and high-achieving students and has emerged as the ***Best CBSE higher secondary schools in Kollam***.
